

## WEEK OF AUGUST 22, 2022

This Dash Report represents the status of the LogicPlum development of the LogicPlum platform as of the publication of this report.

Completed refers to what has been completed.

Active refers to ongoing items.

refers to upcoming scheduled work.

NOTE: FE = Frontend, BE = Backend, CI/CD = Continuous Integration/Continuous Development, API = Application Programming Interface, UI = User Interface

## **COMPLETED ITEMS**

ID	Title	Status
80780213	Copywriting Phase 1: Research & Discovery	Completed
80780215	Kick-off call	Completed
80780216	Questionnaires	Completed
80780237	Team interviews	Completed
80780238	Existing material analysis	Completed
80780239	Data mining	Completed
80780240	Brand language guide creation	Completed
80780242	All pages will be drafted	Completed
80947139	Analyze results	Completed
80947145	Project Management department	Completed
80947148	Technical Writing department	Completed
80947151	Project Management department	Completed
80947160	Technical writing for Stonly to be done	Completed
81249769	RoadMap changes - Development	Completed
81249770	Sprint 1	Completed
81249772	RB1: API for roadmap single get	Completed
81249773	FE tasks	Completed
81249774	RF1: Please remove the conflicting pop-ups here. We only need one.	Completed
81249775	REF2: Please remove the numeric values from this pop-up.	Completed
81249776	RF3: Pop-ups compete for user attention. It should be one or the other. The asterisk should be all that is needed to determine what needs to be filled out.	Completed
81249807	RF4: Each time a feature is added we need to have the RICE Score sort by highest to lowest. The bigger the score is, the more value you will get per time worked.	Completed
81249808	RF5: These more buttons don't do anything. They should be removed	Completed
81249809	RF6: I would expect that we would continue to have a RoadMap Live logo here. This provides context to the user as a road sign and they would know where they are.	Completed
81268578	Userguide - QA tasks	Completed
81268596	QA tasks	Completed
81268891	1. User Guide updates check	Completed
81269114	4. First Reading Review 1.5->3.4 & 3.6,3.7 ,3.9->end	Completed
81269174	2. First Reading Review 1.5 -> 3.5.6	Completed
81269558	3. First Reading Review 11.5-> 3.4 3.5.7>3.5.23	Completed

ID	Title	Status
81302586	Sprint 10	Completed
81302587	FE tasks	Completed
81302588	On the downloaded PDF we need to create space to include the following information:	Completed
81302590	Once I add a blueprint and save, and then go back to edit and save. I am not able to save a 2nd time. It remains in edit mode.	Completed
81302591	We should have colors that are preselected already that don't require customization and can help users be efficient when building out their service blueprint.	Completed
81302592	We need to have the line of interaction, line of visibility, and internal interaction line appear to be different than the standard lines in this illustration.	Completed
81302593	These exclamation marks shouldn't be all the way to the right, but rather all the way on the left of the text.	Completed
81302594	Is it possible to have \"tab\" and \"enter\" when used from the Canvas Title for it to go immediately to the \"Enter Blueprint Description\" section rather than the \"Create Blueprint\" button.	Completed
81302595	When using logos of this size, I think removing the \"powered by LogicPlum\" section is better.	Completed
81302678	Design	Completed
81302680	High Fidelity	Completed
81303204	QA	Completed
81303205	When hitting save button it keeps loading till infinity	Completed
81303771	Incorrect error message when editing title and description	Completed
81323057	Error message should be shown in red	Completed
81323058	Scrollbar should be moved to right	Completed
81345497	Incorrect created and updated time shown on Blueprint cards (Organization)	Completed
81345514	Incorrect created and updated time shown on blueprint cards (SuperAdmin)	Completed
81363785	Sprint 11	Completed
81364056	Let's add an information bubble here. Support Processes: Activities carried out by employees who do not contact employees, but whose actions are required for the service to be delivered.	Completed
81364057	Let's add an information bubble here. Back-stage Actions: (The 'line of visibility' separates the front-stage and back-stage actions). Non-visible steps taken by contact employees behind the line of visibility. e.g. taking a hotel or restaurant reservation by telephone.	Completed
81364058	Let's add an information bubble here: Front-stage Actions: Steps taken by contact employees as part of the face-to-face service encounter.	Completed
81364059	Let's create an information bubble explaining what this is: Customer Actions: The steps that customers take as part of the service delivery process.	Completed
81364060	We should have an associated information bubble for \"physical evidence\".Physical Evidence: Tangible elements associated with each step that has the potential to influence customer perceptions of the service encounter e.g. uniforms, delivery vans	Completed
81380128	Frontend Engineer	Completed
81380129	List strategic work	Completed
